(54) PORTABLE TELEPHONE SYSTEM HAVING CAMERA FUNCTION

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a portable telephone system having a camera function, which can remotely control the portable telephone system.

SOLUTION: The portable telephone system having a camera function is constituted by; a portable telephone set (portable telephone body 10) with a camera function having a remote communication means (remote communication portion 18) on the portable telephone side, and a remote controller (remote control body 30) having a remote communication means (remote communication portion 33) on the remote control side for transmission/reception of an operation signal to/from the remote communication means on the portable telephone side.

LEGAL STATUS

[Date of request for examination]
 [Date of sending the examiner's decision of rejection]
 [Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]
 [Date of final disposal for application]
 [Patent number]
 [Date of registration]
 [Number of appeal against examiner's decision of rejection]
